

## MySQL Community Server Database

Date: 03-November 2011

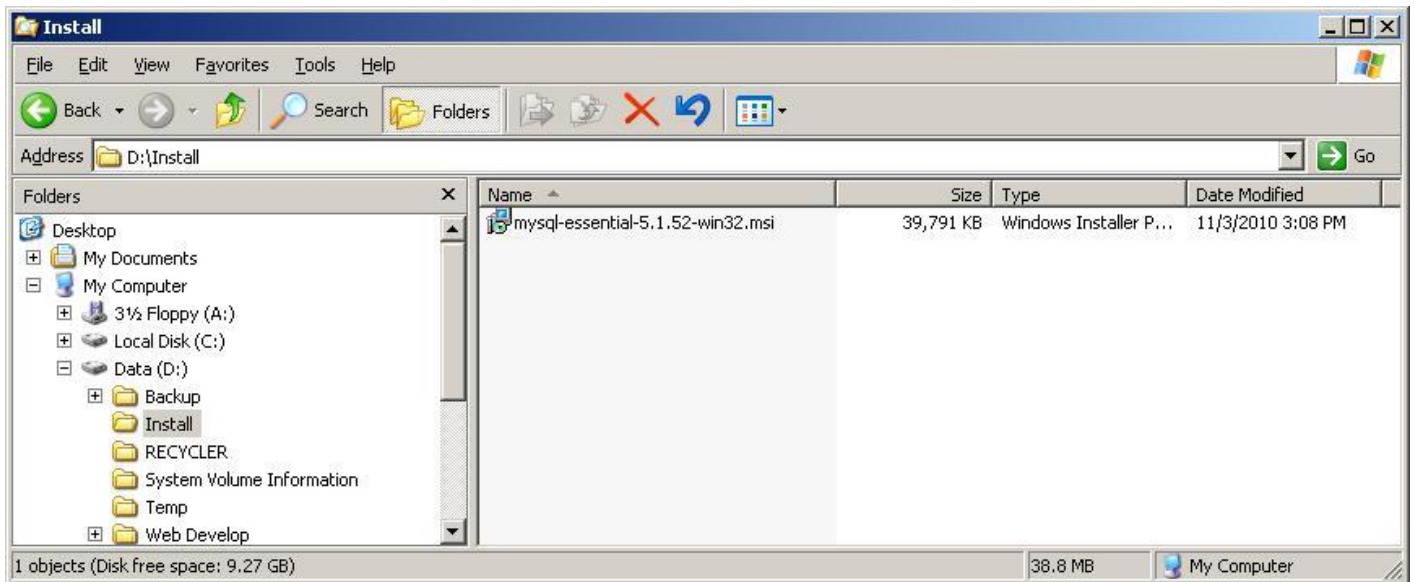

Download Link:

<http://www.mysql.com/downloads/mysql/>

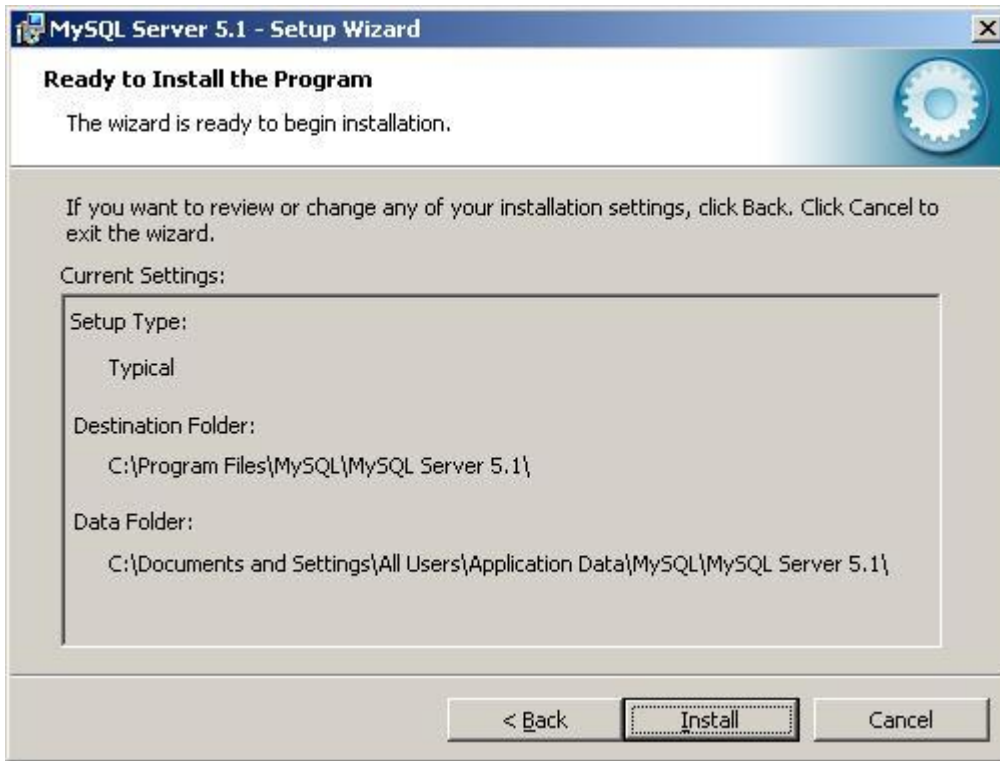

The file size is 39 MB

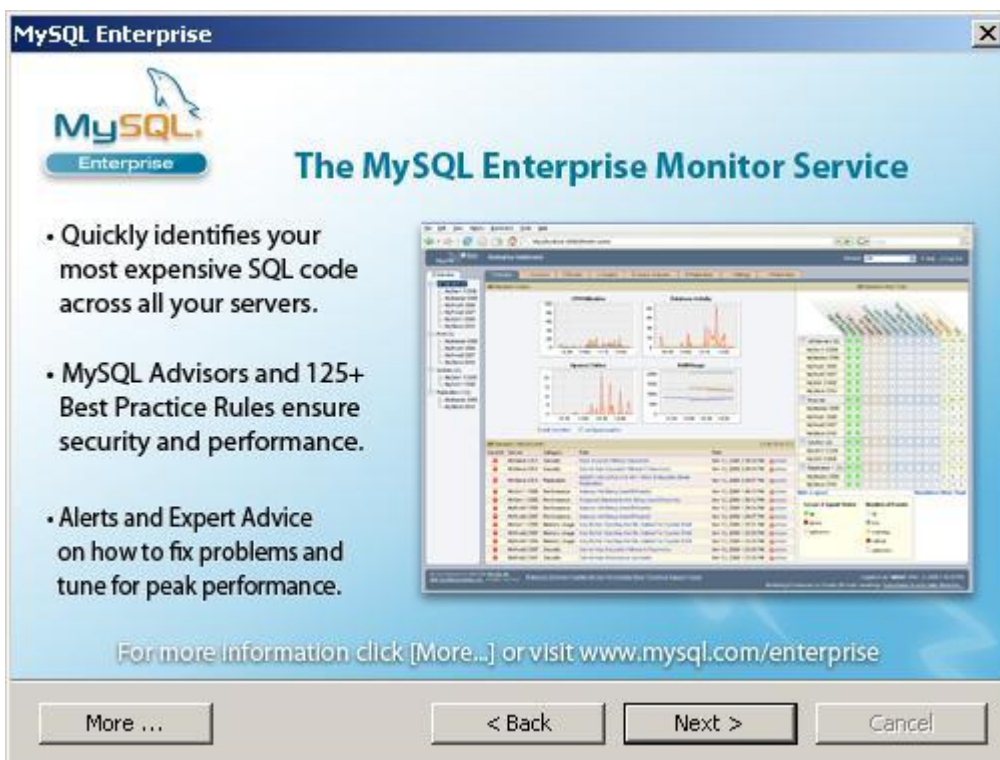

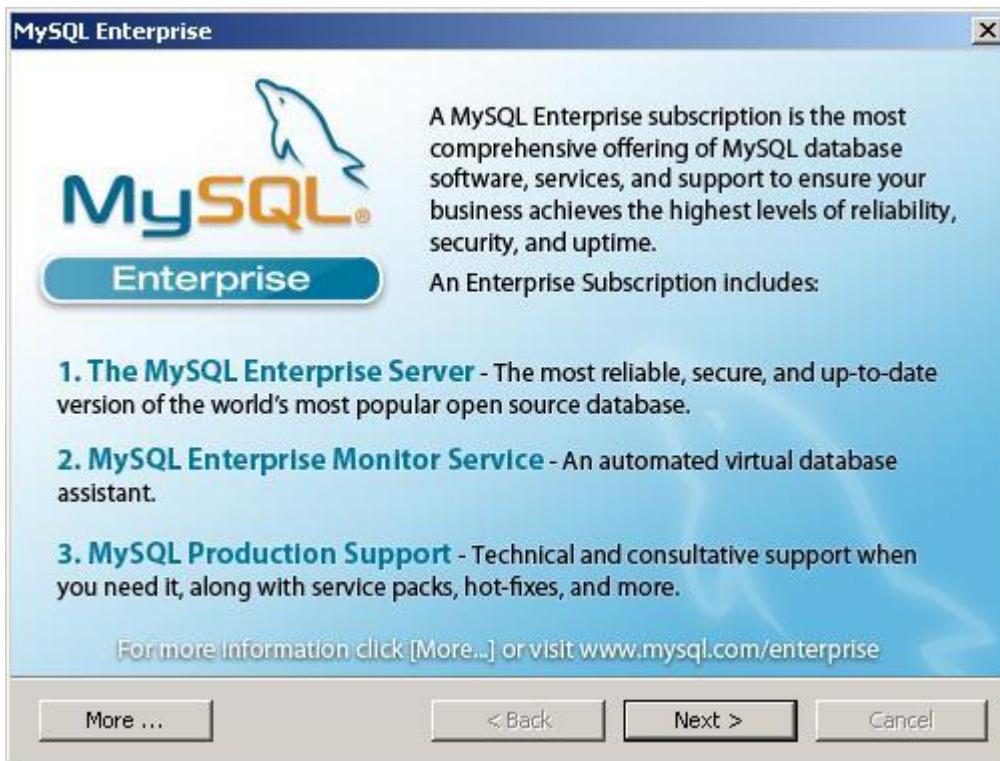

During the installation most windows can be confirmed by a click on the “NEXT” button. But at few windows you have to make a “Decision”. This instruction shall help inexperienced users and first-time-users to make the right decision.

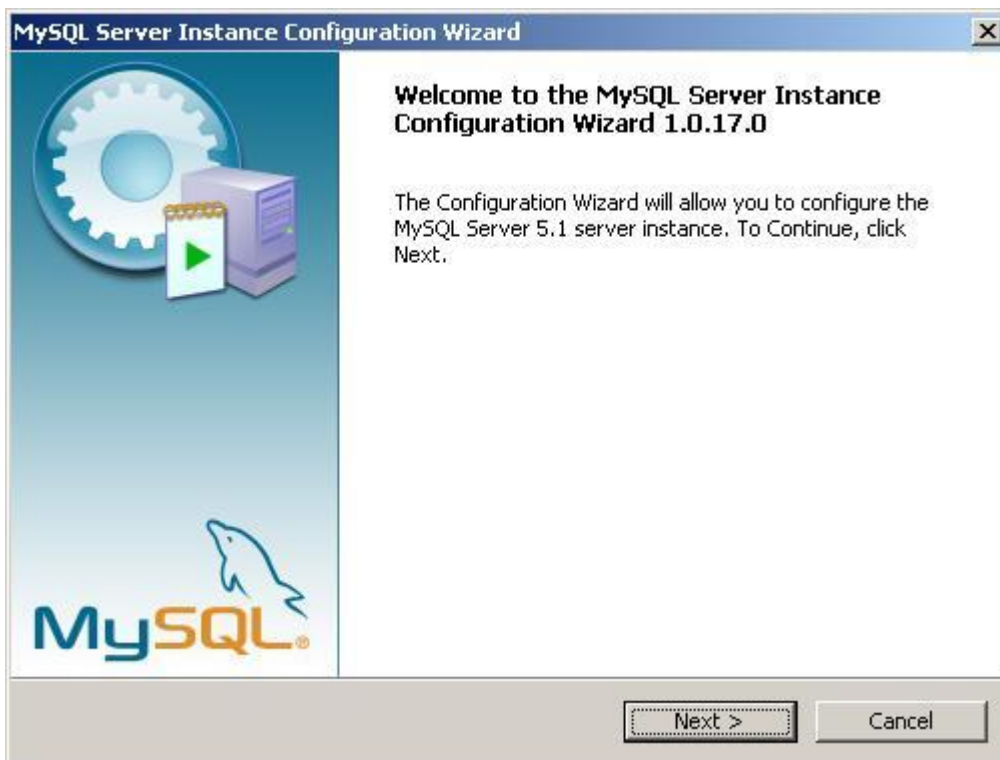

Important: At one screen you have to enter the password for the database Administrator (username root). This password is later needed in AllMyMusic.

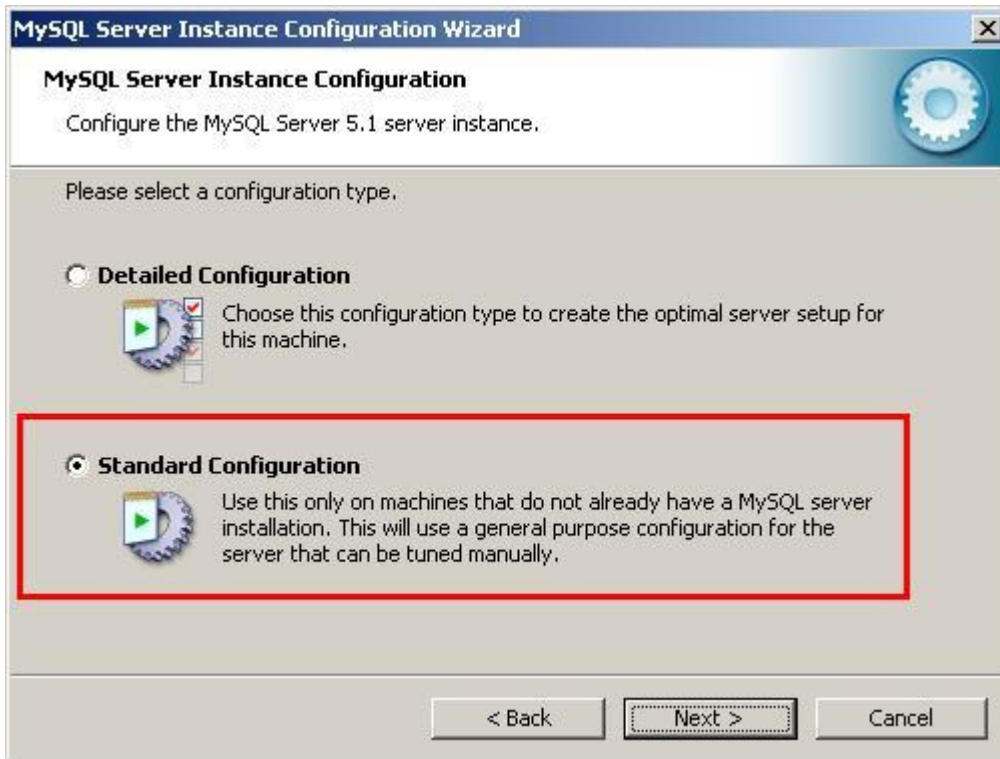

**MySQL Server Instance Configuration Wizard**

**MySQL Server Instance Configuration**  
Configure the MySQL Server 5.1 server instance.

Please set the security options.

**Modify Security Settings**

 **root** New root password:  Enter the root password.  
Confirm:  Retype the password.

Enable root access from remote machines

**Create An Anonymous Account**  
 This option will create an anonymous account on this server. Please note that this can lead to an insecure system.
